ILLEGIB

Dear Ambassador Goldberg:

I am enclosing three intelligence publications which I believe may be of use to you and your staff in dealing with the extraordinarily difficult problem of bringing about peace and stability in the Indian subcontinent.

These publications include a study of the origins and background of the Kashmir dispute, a geographic intelligence memorandum on Kashmir, and an in-house intelligence memorandum which briefly encompasses the international situation growing out of the India-Pakistan war and its termination.

I trust you will find these helpful, and I hope you will not hesitate to call on us at any time for any assistance we can provide.

Sincerely,

(signed) W. F. Raborn
